HISTORY OF FIRE DEPARTMENT

After several years of comparative safety North Terre Haute and Otter Creek township was visited by a disastrous fire on Jan. 6, 1943, when an entire business block was consumed by fire starting in Crabb's General Store, despite the efforts of the townpeople and the Terre Haute Fire Department, with resultant loss of life of a citizen of Otter Creek Township, in addition to the property loss. The following week a meeting was called by a Mr. Boyles, who presided and asked all residents of the township to participate and make arrangement for some type of fire prevention.

This meeting was followed by another a week later when Charles R. Duffin, Jr., was elected president and C. Weir Kirk, vice-president of the Otter Creek Volunteer Firemen's Association. Mr. Duffin was called to Indianapolis and unable to conduct the meeting so it fell on Mr. Kirk to take over which he did.

While the Association was forming, Mr. Theodore Haase, then Trustee of Otter Creek Township, contacted Wilbur Brotherton, of the Terre Haute Fire Department and Civilian Defense and arranged for classes in Fire Fighting. Some 40 signed up but only nine completed the course. They were — Theodore Haase, Margaret Haase (who incidently at that time was one of a very few women in the United States who learned the art of fire fighting and practiced it), Robert Osborne, Max Johnson, Walter Reiz, Henry Bergham, William Deal, William Johnson, and C. Weir Kirk.

These persons completed the course after ..... weeks of instruction and were issued diplomas by the U. S. Civilian Defense Authorities.

Walter Reiz was elected the first Fire Chief followed by Bert Templeton, William Deal and Theodore Haase, the present Chief and for past several years.

A membership drive was innaugurated with membership costing $1.00 per member. Mr. Haase, then Trustee, arranged with the U. S. Government for an O.C.D. Trailer Pump, and Max Johnson and Weir Kirk were appointed a committee to obtain a truck and water tank, $5.00 apiece being advanced by Haase and Ed Stableton to make a deposit on same.. A Chevrolet Truck was found in a junk yard and a discarded gasoline tank obtained from an oil company and a fire wagon was built by the members and garagemen. Hart, Con, Eglehart, Johnson and Bergham. Ray Burgman and William Johnson in the meantime were active obtaining members and money. Business firms donated 25 to 50 dollars apiece and enough money, namely $410.00 was obtained to pay for the truck and tank.

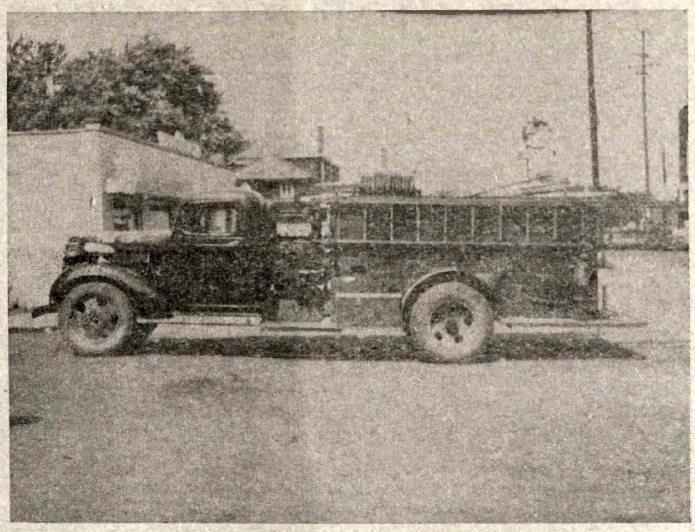
As the department grew it was the recipient of the grounds for a fire house from the K. of P. Lodge which had burned out in the disastrous fire. Later after much discussion it was voted to turn the equipment and grounds over to the township in fee simple, which was done, meantime maintaining a membership at $1.00 per member.

On March 22, 1949, a meeting was called and conducted by C. Weir Kirk at Sand Cut and Otter Creek Volunteer Firemen's Association Station No. 2 was formed with Max Johnson being elected Assistant Chief of the Otter Creek Firemen.

The Firemen are affiliated with the Indiana Firemen's Association and in June of 1952 the women of Sand Cut under the direction of Drusilla Biggs installed a women's auxiliary to the Volunteer Fire Department.

When Station No. 2 was organized one of the Fire Trucks at North Terre Haute was sent there by Trustee Ralph Baxter. This truck broke down as did the one at North Terre Haute and the T. H. Fire Department kindly consented to stand by.

Residents around Sand Cut got busy and covered the township with a petition for new fire equipment which was presented to Township Trustee Ralph Baxter, who went to the front for the organization to comply with their wishes.



THE FIRST FIRE TRUCK

Today Otter Creek Township has two fire trucks of the most modern type and equipment in fire fighting, in addition the original truck and O.C.D. Pump as stand-by equipment with a record second to none in Rural Fire Fighting and Fire Prevention.

All citizens and organizations as well as individuals whose names are not mentioned contributed to the cause and have reason to be proud of their efforts in behalf of the Otter Creek Volunteer Firemen's Association and the results for seeing is believing.

A mutual agreement is contained with T. H. Dept. and requests from either Department is immediately answered.

THEODORE HAASE, Chief

The present officers of the Volunteers are:

Joseph Wellmare, President
Eddie Stableton, Vice-President
William Lawson, Secy-Treas.
